

# 35-70mm f/2.8-3.8 Macro Zoom Lens

35mm

70mm

## Vivitar quality:

- High-quality optics for superior performance
- Unique design for more features
- Tested in the United States by sophisticated Vivitar test equipment to assure acceptable quality
- 5 year limited warranty
- Multicoated optics to reduce flare and increase light transmission

## Special features:

- Priced to be the best step-up alternative to the standard lens with every SLR sale
- Offers the consumer the advantage of wide-angle to portrait zoom capability instead of just 50mm
- Compact and lightweight enough to keep on the camera at all times
- Smooth, one-touch focus and zoom operation
- Vivitar Accessories: 55mm filters, step-up adapter rings, close-up sets, teleconverters and 2X Macro Teleconverter. 100mm Hard Lens Case and Small Pouch Case
