

28_{mm} Auto Yashinon-DX f/2.8 28 mm ultra-wide angle

Fully automatic diaphragm from f/2.8 to f/16 (with half-stops)

Minimum focus : 0.4 meter (1.25 ft)

Lens composition : 8 elements in 7 groups

Angle of view : 75°

Mount : Yashica screw-thread mount

Filter size : 62 mm screw-in type

Weight : 260 grams

A handy, all-round ultra-wide angle lens, it provides a wider coverage than a 35 mm optic and produces a dynamic effect when shooting subjects at close range.
